Reviews

*Thorough information! Its such a good study. Sure, it is perform, still an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Evie Emmerich)*

LIFE CYCLES GRASSLAND

Kingfisher. Paperback. Book Condition: New. Paperback. 32 pages. Dimensions: 10.2in. x 8.8in. x 0.2in. The world's grasslands are rich habitats that support an incredible diversity of life from the smallest insects to the largest predators such as the lion and the puma. This book explores how ten of these creatures from diverse environments including the African savannah, the North American prairies, and the South American pampas are all interrelated in three grassland food chains. At the end of each spread, a picture clue lets readers guess which predator is next on the chain. The combination of bright design, clear structure, and appealing wildlife make this a great introduction to life in grasslands around the world. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
