*It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Createspace, United States, 2011. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.It has been almost 50 years since the planet was nearly rid of humans. Wildlife grows without restraint, erasing the metal and concrete structures left behind. Even where industrialization was most prominent, trees and grassland are aggressively reclaiming their land; Earth is pulling away the scab of human civilization. A young woman named Calypso leads a team of Scavengers beyond the walls of Brighton, the last human colony. Her goal is to find medical supplies, necessary to preserve humanity s future. It is a dangerous journey few have the training, ability, or psychological threshold to carry out. The team s journey involves days of travel through infested city ruins, something even the most battle-hardened survivors are unwilling to do. Entering The Wild means facing Puppets, creatures which nearly exterminated humans and are now the predominant species. They are human bodies being controlled by an alien parasite, turning them to feral, ravenous creatures driven only to consume and replicate. Everyone on Calypso s team has been trained to kill these monsters from the moment they could hold a weapon. They have learned to never underestimate the alien monsters, as any mistake can bring death. But a short ways into the scavenge, the team discovers that Puppets are mutating, making them more apt predators now than ever before. Though the journey now borders on impossibility, Calypso pushes ahead, as failure by her team could mean the end of humanity.
