

Application of functional analysis (Graduate)(Chinese Edition)

By HU GUO EN DENG BIAN ZHU

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :2012-05-01 Pages: 221 Publisher: Basic information of Xi'an University of Electronic Science and Technology Publishing House title: Application Functional Analysis (Graduate) List Price: 27.00 yuan: Hu Guoen etc. Edited Press: Xi'an University of Electronic Science and Technology Publishing Society Publication Date :2012-5-1 ISBN: 9787560627847 Words: 284.000 yards: 221 Edition: 1 Binding: Paperback: 16 Weight: Editor's Choice graduate textbook series: application of functional analysis to emphasize the basics of functional analysis L2 (with practical application. on the application of important content. such as Lebesgue dominated convergence theorem. Barlach contraction mapping principle. linear operator boundedness theorems orthonormal basis of the Hilbert space. compact operator sub-spectral theory of Fourier transform R_n) theories do rigorous argument to try to explain in simple language the important concepts and theorems will help beginners to understand and appreciate the idea of ??functional analysis. The executive summary graduate textbook series: Applied Functional Analysis written Applied Functional Analysis course is learning engineering graduate book of seven chapters. the main contents include prior knowledge. metric spaces. normed linear spaces and linear operator. Hilbert space. spectral theory Introduction....

Reviews

This book is great. It is writter in simple words and not difficult to understand. I discovered this pdf from my dad and i suggested this ebook to find out.

-- **Prof. Webster Barrows**

This ebook is fantastic. We have read and i also am confident that i am going to going to read through again yet again in the future. I am easily can get a pleasure of reading a published ebook.
